Sweet Things Bakery

At Sweet Things Bakery, I take pride not only in the aesthetic quality of my desserts, but knowing that their delicious flavor comes from using the highest quality all natural and organic ingredients I can get my hands on! To allow me to achieve the best creative decorating and coloring details, all of my decorated cookies are frosted with royal icing, unless otherwise specified. Standard cookies are Vanillmond (Original Sweet Things sugar cookie recipe flavored with a perfect blend of Vanilla and Almond). Premium flavors available upon request for an additional fee.

I have many styles, colors, and designs to choose from, as well as some not done yet. However, there is NO FONDANT ALLOWED on any of my creations. Feel free to browse through my portfolio to see some past achievements and get your creative juices flowing. If you have a theme, but no ideas on how you would like to see it put together – don't worry. I do some of my best work by having creative freedom with as little detail as specific colors, theme, and reason for celebration.

Even if you don't have any of these details, I can work my magic!

*NOTE: No two orders are the same! Sweet Things will not recreate an identical cookie set, but will take inspiration from your desired design and make it one of a kind. These prices are a starting point and may vary based on your specific needs.
